(1) Official figures take account of Swedish manufacturers world production; in this report, we only use the vehicles produced in Sweden, and the vehicles for which Volvo Trucks does not specify the country of production...

(2) Distribution of commercial vehicles is derived from KAMA's OICA exchange files.

As of 2011, some EU countries do not give HCV and heavy buses figures anymore. So we deem it too risky to communicate estimate figures, which will not be confirmed in the near future.
